Mirage™ SoftGel

NASAL MASK

User Information

**Instant softness,
lasting comfort**

Experience the unique softness of gel

Your first touch of Mirage SoftGel's new cushion will tell you! The unique softness of the clear gel layer, backed by the support and stability of the blue layer, creates a sensation you'll want to live with throughout your therapy.

Mirage SoftGel provides instant softness with the lasting comfort that helps long term patient compliance.

Instant seal and more choice

Mirage SoftGel adjusts to the individual contours of your face to provide an instantly personalised seal. The MicroFit dial and adjustable headgear straps help you further customise your fit.

Interchangeable cushions give you extra flexibility in mask options. ResMed's durable frame accommodates two mask cushions—Mirage SoftGel and Mirage Activa™ LT. Now that's freedom of choice!

Renowned quality and reliability

ResMed's quality and reliability are widely known. ResMed's first gel mask, Mirage SoftGel sets a new standard for excellence in gel technology.

Combining extraordinary comfort with the high quality and superior performance of ResMed masks, Mirage SoftGel will be your cherished therapy accessory long into the future.
